

Orange Set

The Orange Set focuses on blends. The first drawer, Orange 1, contains words that begin with **s blends**: **st, sw, sl, sp, sn**. Orange 2 contains words that have an **l** as the second letter in the blend at the beginning of the word: **pl, cl, fl, bl**. Orange 3 has words that have blends with **r** as the second letter of the word. The fourth drawer highlights the ending blend of **st**. The fifth drawer focuses on ending blends of **mp, nd, and nt**. Orange 6 introduces a variety of ending blends: **lt, lm, lk, ft, sk**. Orange 7 contains words with both beginning and ending blends.

Prior to the introduction of each drawer, explore different words using that blend concept with the moveable alphabet. Proceed with the Standard Sequence of Presentation for each drawer only moving on to the next one when the child has shown mastery.
