

## Yellow Set

The Yellow Set introduces consonant digraphs. Yellow 1 and 2 contain words with double consonants (**ss** and **ll** respectively). The remaining drawers focus on **th** (Yellow 3), **ch** (Yellow 4), **sh** (Yellow 5), **ck** (Yellow 6), and **tch** (Yellow 7).

Prior to the introduction of each drawer, explore different words using that blend concept with the moveable alphabet. Proceed with the Standard Sequence of Presentation for each drawer only moving on to the next one when the child has shown mastery.
